

# Gortemoller Engineering, Inc.

Land Development • Infrastructure • Transportation

## Description of Project

**GE** provided professional engineering services for the design and construction of a Single Point Urban Interchange (SPUI) at the Tyndall Air Force Base (AFB) main gate, located at the intersection of SR 30 (US 98) and Airey Avenue/Tyndall Drive. In addition, the project will retain the two existing Tyndall AFB Entry Control Facilities at Tyndall Drive and Airey Avenue and construct an overpass on SR 30 (US 98) at Louisiana Avenue.

**Project Owner's Information:**  
FDOT

### Year Completed:

- 2018 - 2019 Professional Engineering Services
- 2019 - 2020 Professional Engineering Services / Construction
